ICoGB 2026

2026年第四届绿色建筑国际会议
2026 4th International Conference on Green Building

2026年5月8-10日 | 中国·上海

Welcome to ICoGB 2026

Organized by Tongji University, and co-organized by Xi'an Jiaotong University, Chang'an University, Yangtze University, Zhejiang University of Science and Technology and CoreShare Academic Exchange Center, 2026 4th International Conference on Green Building (ICoGB 2026) will be held during May 8-10, 2026 in Shanghai, China. With researchers, scientists, engineers, and scholars as its contributors, ICoGB presents an open forum aiming to raise green building awareness, spur standards, and develop practical solutions for sustainable buildings by engaging the public, the industry, and the government in the world. We human beings anticipated a promising future with clean water and a clear sky. The illustrated future features better-performing buildings where energy, water, and materials are used sustainably. The ICoGB 2026 conference committee is excited to invite professionals and scholars from all over the world to participate in this significant conference, to enhance our knowledge and create new knowledge to help promote the advances and changes of joint academic research.

Organizer: Tongji University

Co-organizer: Xi'an Jiaotong University, Chang'an University, Yangtze University, Zhejiang University of Science & Technology, CoreShare 科享学术

Call for Papers

Topics of Interest include but not limited to:

Building energy saving technology development
Human factor engineering application in green building
Green building material development
Building carbon emission evaluation
Urban underground space planning and low-carbon development
Climate adaptive design and planning
Heritage preservation
Energy storage technology application
Renewable energy research and application

Key Dates

Full Paper Submission Due: February 15, 2026

Notification: March 16, 2026

Registration Due: April 1, 2026

Deadline for Camera Ready Submission: April 1, 2026

Main Conference: May 8-10, 2026

Publication

Registered and presented full papers will be included in the ICoGB 2026 digital conference proceedings and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

Compendex on Engineering Village Scopus

Accepted excellent papers, with a significant extension and after an additional review process, will be further recommended for publication in the Special Issue "AI+ Green Building Design: Innovations, Applications and Challenges—Special Issue for 2026 4th International Conference on Green Building (ICoGB 2026)" of OA Journal "Sustainability" (ISSN: 2071-1050), which will be submitted to SCIE, Scopus and other major databases for indexing.
