ICPAMI 2025

2025 2nd International Conference on Pattern Analysis and Machine Intelligence

2nd

Oct. 31-Nov. 2, 2025
Dalian, China

CALL FOR PAPERS

ICPAMI 2025

Topics of interest include, but are not limited to:

- Video Analysis
- Industrial Inspection
- Nondestructive Evaluation
- Segmentation Techniques
- Software Tools for Imaging
- Active and Robot Vision
- Biometric Authentication
- Camera Networks and Vision

- Object Recognition
- Sensors and Early Vision
- 3D Imaging
- Enhancement Techniques
- Image Restoration
- Structural and Syntactic Pattern Recognition
- Supervised and Un-supervised Classification Algorithms
- Symbolic Learning

COMMITTEE

General Chairs

Yao Zhao, Beijing Jiaotong University, China

Ran He, Institute of Automation, CAS, China

Changsheng Xu, Institute of Automation, CAS, China

Program Chairs

Jie Yang, Shanghai Jiao Tong University, China

Shiwei Ma, Shanghai University, China

Xiao Bai, Beihang University, China

Organizing Committee Chair

Xin Yang, Dalian University of Technology, China

Program Committee

Inês Domingues
Instituto Superior de Engenharia de Coimbra, Portugal

Edmund Lai
Auckland University of Technology, New Zealand

Xiaohan Yu, Macquarie University, Australia

Publication Chairs

Fei Xu, Nanjing University, China

Wei Liu, Shanghai Jiao Tong University, China

Publicity Chairs

Yi Li, Dalian University of Technology, China

Yuemin Zhu, INSA-Lyon, France

Lifeng Yin, Dalian Jiaotong University, China

Local Chair

Lijun Wang, Dalian University of Technology, China

Session Chairs

Jin Wan, Qilu University of Technology, China

Xuzhen Zhu, Beijing University of Posts and Telecommunications, China

Lin Gan, Northwestern Polytechnical University, China

PUBLICATION INFORMATION

Registered and presented full papers will be included in the ICPAMI 2025 digital conference proceedings, which will be published in the Springer Book Series Communications in Computer and Information Science (ISSN: 1865-0937), and also submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing. No-show papers will be excluded from the conference proceedings.

KEYNOTE SPEAKER

Prof. Irwin King
The Chinese University of Hong Kong, China
Fellow of IEEE, INNS, AAIA, and HKIE

Prof. Hongmin Liu
University of Science and Technology Beijing, China

Prof. Jie Yang
Shanghai Jiao Tong University, China

SUBMISSION
