

9th

ICFMCE 2026

Antalya, Türkiye
September 20-23, 20262026 9th International Conference on
Functional Materials for Circular Economy

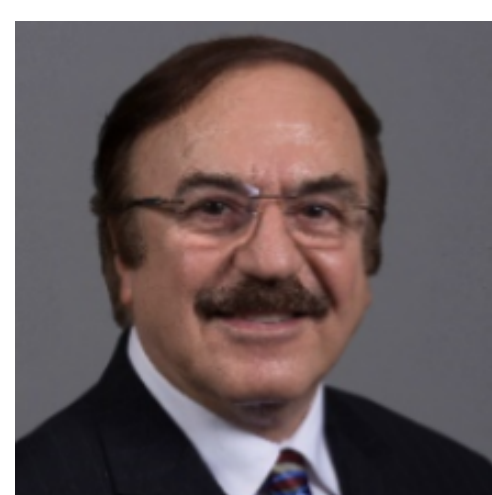

Organized by **Akdeniz University** and **Tokat Gaziosmanpaşa University**, 2026 9th International Conference on Functional Materials for Circular Economy (ICFMCE 2026) will be held in **Antalya, Türkiye** from **September 20-23, 2026**.

ICFMCE is an annual international conference that is dedicated to providing the platform and opportunities for researchers, scientists, and delegates from communities of different areas to exchange and share their experiences and discoveries, discuss practical issues and challenges encountered, and explore applications and solutions in the common research field of Functional Materials for Circular Economy.

The ICFMCE 2026 conference committee is excited to invite authors and scholars from all over the world to participate in this significant conference, to enhance our knowledge and create new knowledge to help promote the advances and changes of joint academic research.

Plenary Speakers

Prof. Muthanna H. Al-Dahhan

Main conference	September 20-23, 2026

Submission Notes

Authors are invited to submit papers or abstracts using the

Online Submission System:

<https://cmt3.research.microsoft.com/ICFMCE2026>

1. Manuscripts submitted to the conference should be written in English only.
2. All manuscripts should be original and unpublished, and the papers should be in line with the theme, well-argued, with practical value and innovative.
3. Contributions will be evaluated by reviewers on the basis of originality, technical or research content and depth, relevance to the theme of the conference, contribution, and readability.
4. The ordinary length is suggested no less than 4 pages and no more than 8 pages, including all figures, tables, references, and appendices. After the manuscript exceeds 5 pages, an extra page fee of 70 USD/page will be charged. Authors can find the paper template on the conference website homepage.
5. Authors can conduct similarity check at their own expense, and the plagiarism rate should not exceed 20%.
6. If your article is accepted, we will notify you by email, and you will receive an acceptance notice and a review comment form.

Special Sessions

Panel Discussion I - Material Intelligence for Circular Economy: From Digital Material Traceability to Sustainable Value Creation

Session Chair: Dr. Alireza Moghayed, University of the West of England, UK
