Publication

Registered and presented full papers will be included in the ISoIRS 2027 digital conference proceedings and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

Note: All accepted papers must be presented at the conference. No-show papers will be excluded from the conference proceedings.

Submission

ISoIRS 2027 will only consider submissions of original and previously unpublished papers. Please note that submitted papers must not substantially overlap with papers that have already been published or are currently under review for publication in a journal or conference proceedings. Please note that if you plan to submit a full paper for publication, there is no need to submit an abstract first. You can submit the full paper directly once it is completed.
