

Welcome to NAOME 2026

Welcome you to the 2026 International Conference on Naval Architecture and Ocean & Marine Engineering (NAOME 2026) which is organized by **Guangzhou Maritime University**, hosted by **Guangzhou Maritime University, School of Shipping and Maritime Studies**, and co-organized by **Dalian Maritime University, Guangdong Ocean University, Shanghai Maritime University** and **Jimei University**. This conference will be held in **Guangzhou, China** on **September 18-20, 2026**.

NAOME 2026 aims to bring together researchers, engineers, scientists, and industry professionals to an open forum to present their stimulating research and knowledge transfer ideas in the Naval Architecture, Ocean Engineering and Marine Engineering. However, we also recognize that the future for engineers is one where they will be working in interdisciplinary teams to solve new, complex, and evolving problems that will require innovative solutions. Therefore, we encourage the participation of other disciplines in this conference where multidisciplinary research and knowledge transfer projects are presented.

Committee

International Advisory Committee

Robert G Latorre, University of New Orleans, USA
Yabin Li, China Waterborne Transport Research Institute, China
Quanbo Ge, Nanjing University of Information Science and Technology, China

Conference Chairs

Yongqiang Zhuo, Guangzhou Maritime University, China
Jianping Chen, Guangzhou Maritime University, China

Conference Co-Chairs

Huafeng Wu, Shanghai Maritime University, China
Jin Yan, Guangdong Ocean University, China

Program Chair

Yongtao Xi, Shanghai Maritime University, China

Special Session

Please visit: www.icnaome.org/spe.html for more information.

Special Session I

Safety Analysis and Intelligent Assurance Technologies for Ships and Marine Equipment

Publication

Registered and presented full papers will be included in the NAOME 2026 digital conference proceedings and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

Compendex on Engineering Village Scopus

Excellent Papers with significant extension will be recommended for publication in "*International Journal of Vehicle Systems Modelling and Testing*" (ISSN: 1745-6444) which will send to be reviewed and indexed by citation databases such as Ei Compendex and Scopus.

Key Dates

Abstract Submission Due: June 4, 2026

Full Paper Submission Due: June 18, 2026

Author Notification Due: July 3, 2026

Registration Due: August 3, 2026

Camera-ready Submission Due: August 17, 2026

Main Conference: September 18-20, 2026

Call For Papers

Please visit: www.icnaome.org/cfp.html to learn more.

Topics of interest for submission include, but are not limited to:

Innovative Ship and Engineering Design

- Floating Storage Re-gasification Unit
- LNG and Electrically Driven Vessels
- Marine Data Analytics and IoT

Automation and Control of Ship Systems

- Machinery & Control
- Ship Automation
- Ship Design and Naval Engineering

Shipping and Engineering Systems

- Current Practice and Development of International Regulation
- Development of Shipping and Shipbuilding Industry

Sustainability, Safety and Security in Shipping and Engineering

- Advanced naval engineering
- Coastal Engineering
- Corrosion and Coating technology

Autonomous Underwater Vehicle Technology

- Autonomous Underwater Vehicle Design

Smart Navigation

- Application of AIS in Navigation

Green Engineering and Technology for Shore Facilities

- Marine Energy Harvesting Technologies
