

Welcome to EEPE-TIA 2026

2026 6th International Conference on Energy Evolution and Power Engineering: Transition, Intelligence and Autonomy (EEPE-TIA 2026), organized by Inner Mongolia University of Technology, hosted by College of Electric Power, Inner Mongolia University of Technology, and School of Electronics and Information, Xi'an Polytechnic University. EEPE-TIA 2026 will be held in Hohhot, China during August 7-9, 2026.

Energy and power are playing an increasingly pivotal role in our modern life and are transforming the way we utilise energy and the way we live. This conference will bring together leading scientists, practitioners, researchers and delegates across the globe to present the latest innovations and knowledge in energy and power engineering and to stimulate new ideas and collaborations.

EEPE-TIA 2026 will provide an open forum for sharing and spreading the newest thoughts and research findings developed in key areas such as new and renewable energy, power electronics and electrical motor drives, distributed generation and energy storage, multi-energy systems and energy internet of things, data analytics and artificial intelligence.

The conference will be organised every year in different locations all around the world, with an aim to foster the knowledge and understanding of the recent advances across the broad field of Energy, Electrical and Power Engineering.

Topics of Interest

Please visit to www.coeepe.org/cfp.html learn more information.

Topics of Interest include but are not limited to:

- Advanced Energy Technologies
- Artificial Intelligence
- Automatic Control
- Building Energy-Saving Applications
- Development and Utilization of Solar Energy
- Development and Utilization of Wind Energy
- Eco-design and Eco-efficiency
- Efficient Use of Resources
- Electricity Carbon Fusion
- Energy Chemical Engineering
- Energy Efficiency
- New Electric Power System Technologies
- New Energy Vehicles, Electric Vehicles
- Nuclear Energy Engineering
- Photovoltaic and Energy Storage Technologies
- Photovoltaic Systems and Solar Energy Engineering
- Power Electronics
- Power Quality
- Power System Control
- Power System Modelling
- Power System Optimization
- Power System Reliability

Publication

Registered and presented full papers will be included in the EEPE-TIA 2026 digital conference proceedings and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

Keydates

- Abstract Due: May 1, 2026
- Full Paper Due: May 15, 2026
- Author Notification: June 2, 2026
- Registration Due: July 2, 2026
- Deadline for Camera Ready Submission: July 2, 2026
- Main conference: August 7-9, 2026

Submission Notes

1. Manuscripts submitted to the conference should be written in English only.
2. Manuscripts submitted to the conference should follow the template provided.
3. Manuscripts can be submitted in Doc, Docx and PDF format.
4. Oral or Poster presentations should be nominated while submitting an abstract.
5. The ordinary length is suggested no less than 5 pages, including all figures, tables, references, and appendices. If the paper exceeds 5 pages, the additional pages will be charged at the time of registration

For paper template, please visit:

www.coeepe.org/sub.html

Online submission system:
